Personal Strategic Plan

You will apply what you're learning with a course project where you create a strategic plan for yourself, personally. You will present your personal strategic plan to the class during the last week of class. Your oral strategic plan presentation will be graded on two parts: Content and Delivery.

Content includes whether your presentation was complete, specific, detailed, and error free. Were appropriate analytical tools included? Were they correct? Were your recommendations specific? Did you show clearly how your recommendations could be implemented? You need to be specific and tell exactly when, how, where, and why your recommendations are appropriate!

Delivery includes whether your presentation was interesting, lively, special, upbeat, and clear. Did you use state-of-the-art presentation technology? Were your visual aids readable from the back of the class? Did you use color to highlight points? Were your nonverbal communication such as voice tone, eye contact, posture, and appearance good? Were transparencies, handouts, slides, the blackboard, or flip charts used to make your oral presentation as interesting and informative as possible?

Preparation/Participation and In-class Activities

Throughout the course, we will complete various in class activities. These exercises are tailored towards helping you further understand and apply the key concepts covered in the textbook. Class attendance and participation in session activities are required and rated. There is much more material in your reading assignments than we have time to discuss in class. In-class activities will delve into the most important issues. No makeup assignments are allowed.
