Course Overview

This course aims to provide integrated learning experience to students who are interested in using Chinese language and experiencing Chinese culture in business settings. Apart from developing Chinese basic business language knowledge and skills, students will have the opportunity to study some of the most interesting and distinct business practice and cultural phenomena including Chinese business customs, practice, rules and etiquette.

Course Goals

- Upon successful completion of the course, students will be able to:
- command basic language skills including reading, writing, speaking and listening required for business communications
- use basic Chinese for general business and social communication purposes;
- develop conversations on general business topics
- identify common language and cultural issues that may occur in a business dialogue
- have a basic understanding of business culture in China
